## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. Claims 1-5, 7-8, and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a. The last two lines of claim 1 are not definite. It is not clear what limitations are being claimed because with the term or in the claim the limitations may or may not be inclusive. The art cannot be applied because not are all the limitation being recited are considered part of the claim with the term or in the claim. The applicant may want to also show where this limitation is present in the drawings by calling out element numbers as well.

### ***Response to Arguments***

2. Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.
